

CRYSTAL Challenge

A Crystal Challenge themed event where teams compete in a range of games in order to win the most crystals. Hosted by our wacky presenter "Richard O'Blimey", teams visit activity zones that are categorized Physical, Mental, Mystery and Skill.

Challenges can include:

Physical Team Tower – Teams re-build the tower on an opposite space without placing a larger block on top of a smaller block.

Mental Barbecue Brainteaser – Teams solve the puzzle and then use the tongs to put the items in the correct place on the barbecue.

Mystery Turf Wars – Teams compete in a game of strategy and sabotage to plant bigger flowers than their neighbours! Skill Stocks & Shares -Teams complete the jigsaw with their hands in the "stocks".

For each challenge teams are awarded crystals depending on their performance. The more crystals teams earn, the more time they will have in the Crystal Dome finale.
