

QUANTUM CHALLENGE

Teams attempt to solve as many of the 100 team building challenges as they can within the time limit.

How many can your team conquer? It's fast, furious and fantastic!

Quantum Challenge packs a huge variety of fun activities including puzzle solving, boomwhacking, cup stacking, balloon modelling, Lego tower building and many more. Teams pick their favourites and skip anything they dislike, tackling creative, mental, physical and technical games that reveal hidden talents. Earn fun money on every Completed challenge – harder ones pay more! Strategy, quality versus quantity and sharp time management are the keys to victory in this high-energy team building extravaganza!

Benefits: Communication, creativity, leadership, problem solving, team spirit, fun!
